# Classic biking tour from Split to Dubrovnik

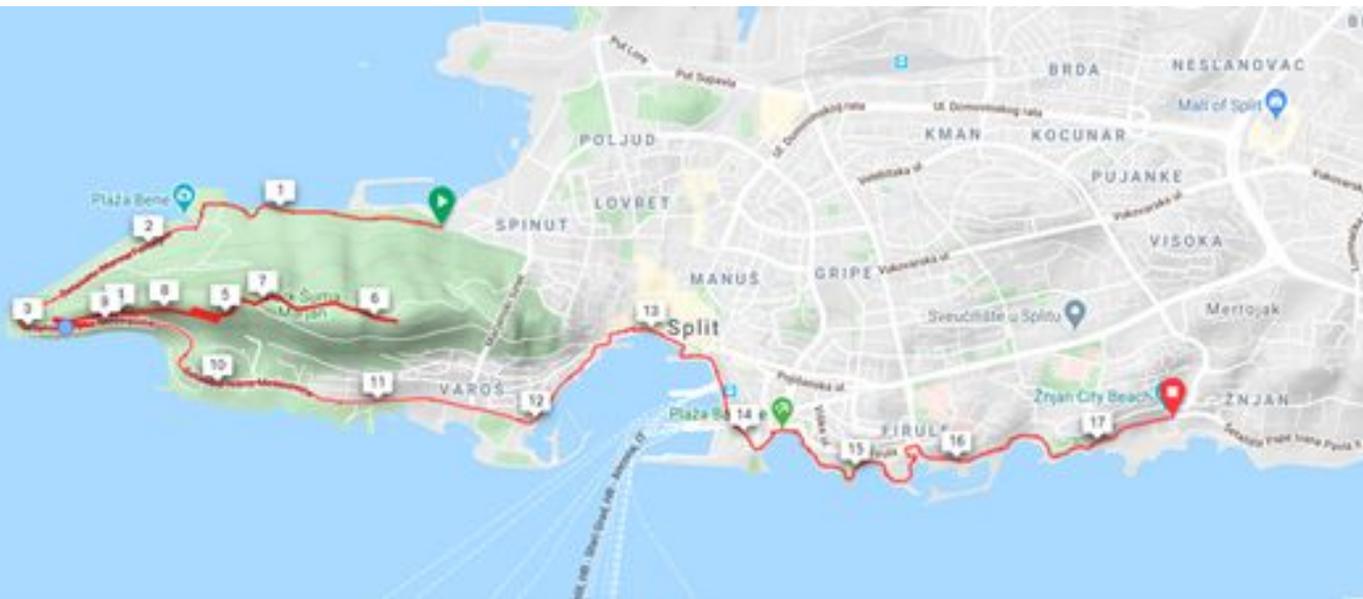

(5\* / 6 days)

## DAY 1

# City of Split & Diocletian's Palace

Welcome to our beautiful city of Split! At the appointed hour we will have a meeting where we will briefly explain you the tour and give you all the information and materials you need – maps, restaurants, wineries, museums, ferry schedules and similar. We recommend a ride along the beautiful Marjan Park Forest. Marjan has always been a symbol of Split – close to the waterfront and densely populated downtown, and on the other side peninsula of beautiful nature and fresh air. You can climb to the top of it, from where you will enjoy a unique view of Split and surrounding islands.

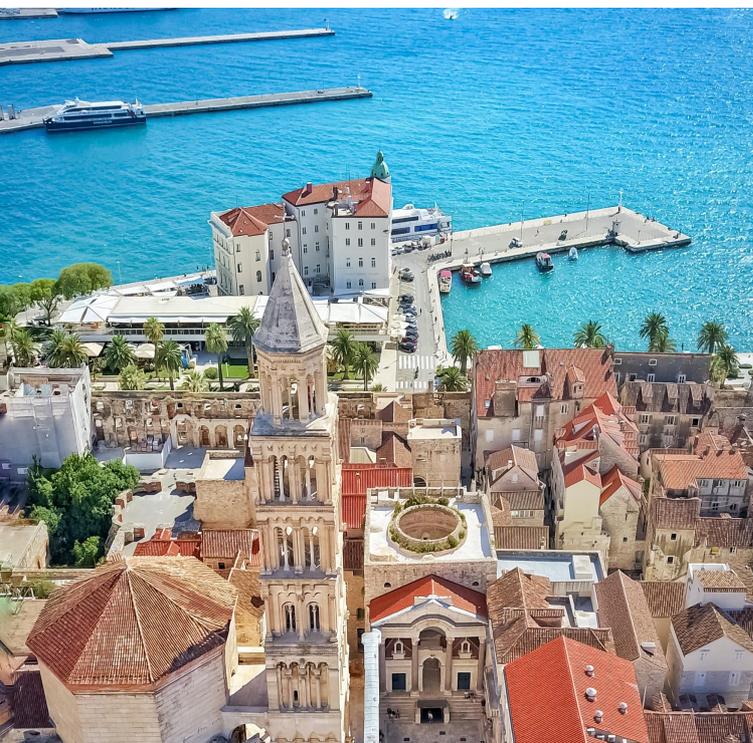

Upon returning to the city center, you will have an opportunity to try some local specialties at one of the top restaurants by the sea or inside the Diocletian's palace which is more than 1700 years old. Diocletian's palace, as one of the best-preserved monuments of Roman architecture in the world, is part of the UNESCO World Heritage Site, the nucleus on which the city of Split was built, whose center you can explore as well. The central part of the city is swirling with narrow stone streets, ancient monuments and medieval buildings. You can walk the streets, feel the magnificent history, but see that the city still lives a full life.

**Distance covered:** 0-20 km (extra ride 80 km)

**Overnight:** Split

**Highlights:** biking tour of Split, Marjan park-forest, UNESCO protected  
Diocletian's palace

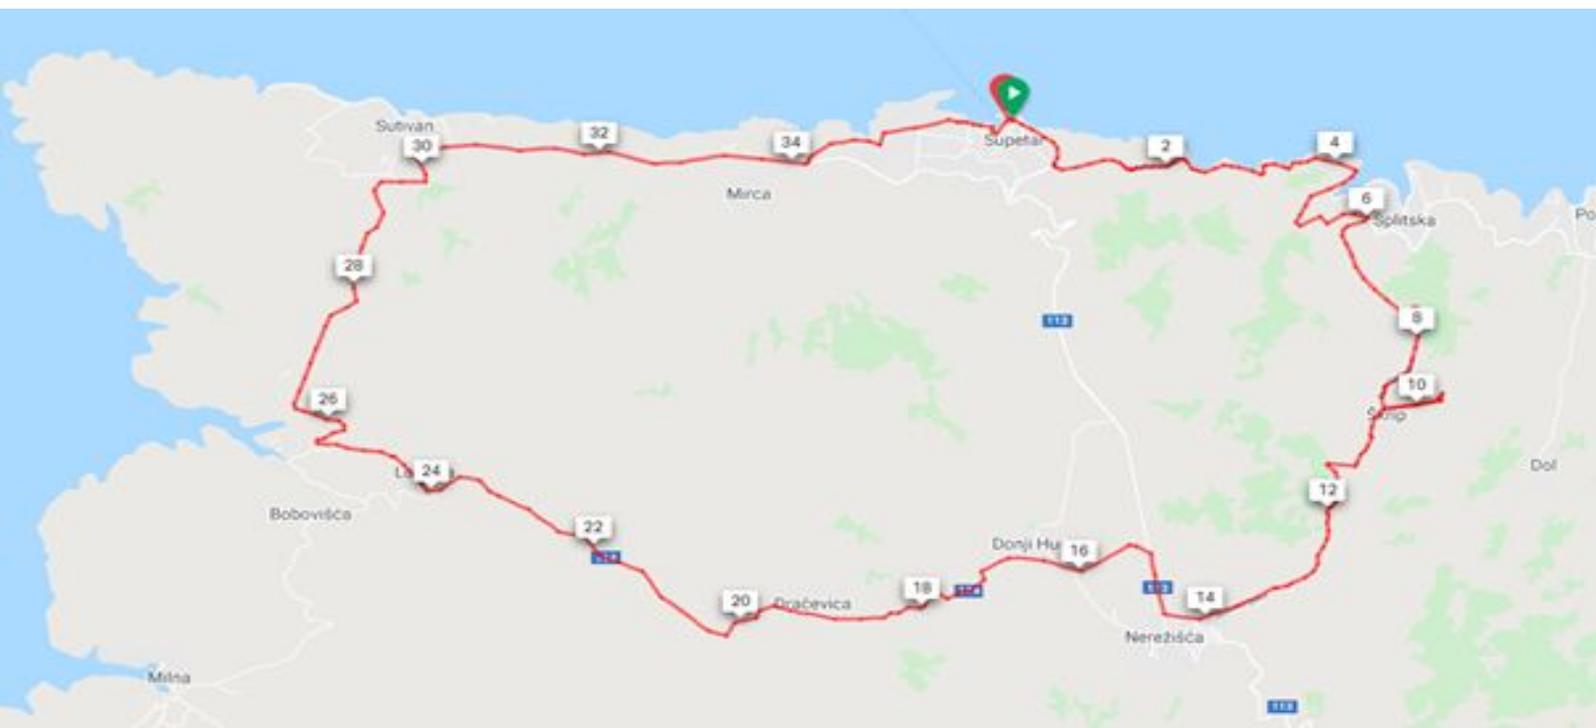

## DAY 2

# The island of Brač

Today you are exploring the third largest Croatian island, also the highest island, one of the most beautiful in the Mediterranean – Brač. In the morning you take the ferry from Split to Supetar, a small town on the island where your biking tour starts. Biking along the coast and inland you will have the opportunity to experience an island that stands out for its natural beauty, but also to explore and get acquainted with typical Dalmatian vineyards, gardens with olive trees and other Dalmatian native species.

Also, since ancient times, from the Brač quarries the stone was used to build the world-famous buildings, including the White House in Washington, Hungarian Parliament Building and Diocletian's Palace. You will pass through places where the Brač stone is made and we definitely recommend you a visit to the Olive Oil Museum, which shows the history of olive growing on the island of Brač, as well as the entire traditional process of making olive oil. At the very end of the tour, you can enjoy a short swim break in the crystal clear sea. After refreshment and relaxation, you return to Split by ferry from Supetar.

**Distance covered:** 0-80 km

**Overnight:** Split

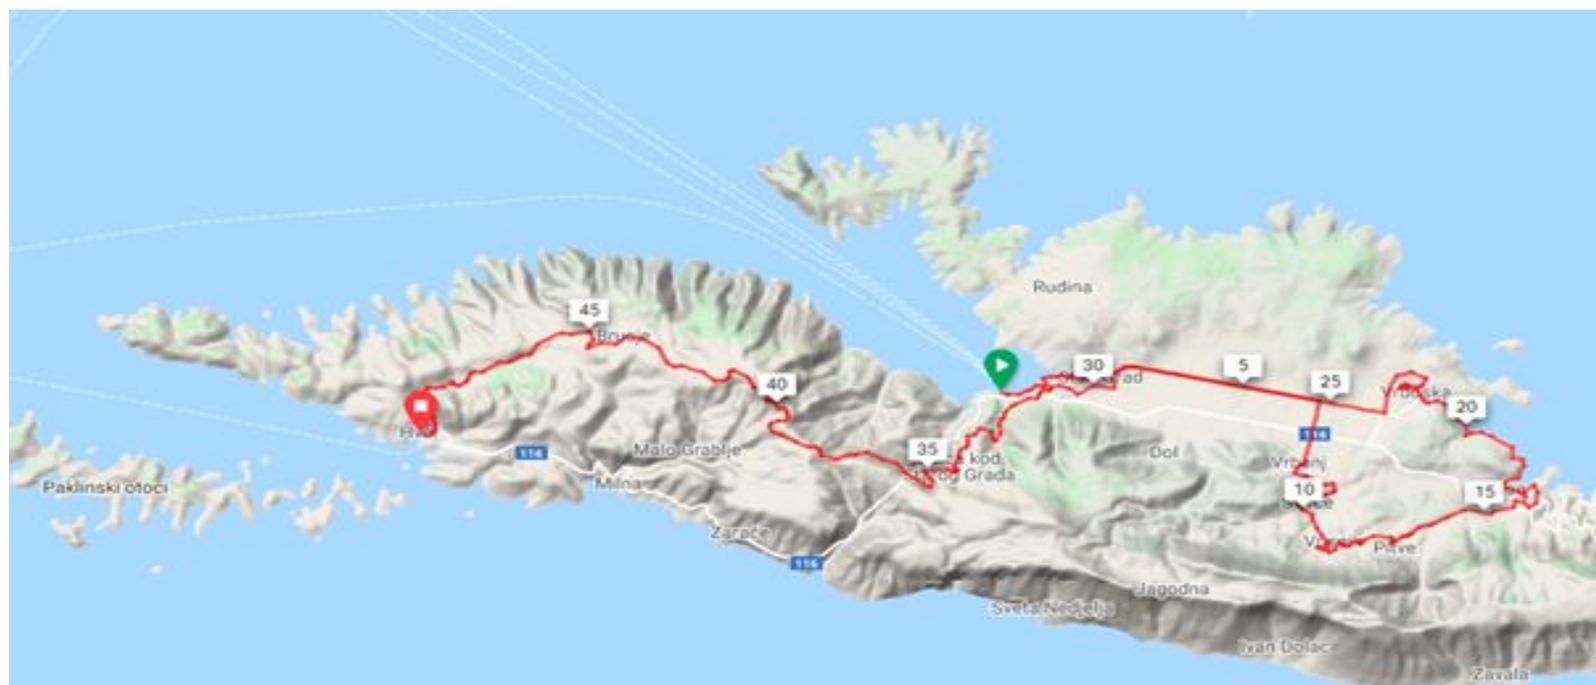

**Highlights:** the island of Brač, ancient inland villages and coastal towns

## DAY 3

# Hvar island and the Lavender road

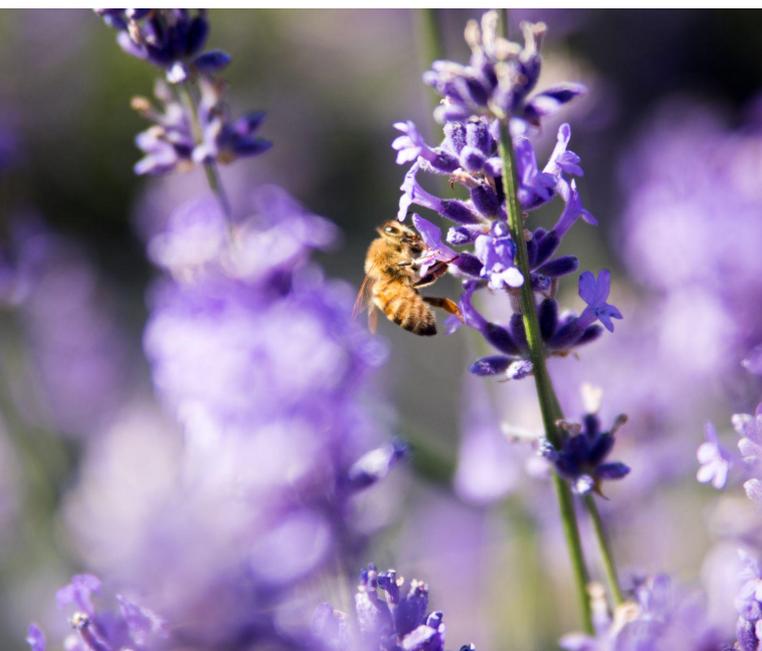

Your today's destination is one of the most popular and most beautiful islands in the world – the island of Hvar. It is located in the Dalmatian coast near Split and with 2700 hours of sunshine per year, is considered the sunniest Croatian island. In the morning you depart from the ferry port of Split to Starigrad – a historic jewel of the island of Hvar, a city also under UNESCO protection. From Starigrad you begin your biking tour and, along local roads, will discover dense pine forests with fertile vineyards from which world-known Hvar wines are made. You will also see numerous green olive groves and trees of other indigenous fruits and vegetables. Biking through the island of Hvar you will have an opportunity to see the islands that surround the island of Hvar, such as Korčula, Vis, Brač, Pakleni islands and Lastovo. After these beautiful scenes, we recommend you a break for lunch and tasting traditional Dalmatian dishes. The afternoon is reserved for the town of Hvar – the largest town on the island and its tourist, administrative and economic center, which is why they share the same name. Many cultural and historical sites will be found in the town of Hvar, including the oldest theater in Europe, and it is also attractive because of the numerous narrow stone streets that you definitely should walk through and feel the island's atmosphere.

**Distance covered:** 20-60 km

**Overnight:** Hvar town

**Highlights:** driving on local roads, traditional island villages, lavender fields, town of Hvar, town of Starigrad

## DAY 4

# The island of Korčula

Today you will continue your tour in the birthplace of Marco Polo – the island of Korčula. Korčula is one of the most wooded islands and is known for top-quality wines, such as *Pošip* and *Rukavac*, and for its olive oil. Just passing through the fields of vines, olive trees and other autochthonous species, you will get to know an island that is full of the natural beauty of the special attraction. Korčula, just as Hvar, hides many beaches and bays, but it is still not so popular and that gives it a whole new dimension worth exploring. You can use your lunch time to try a traditional lunch with local produce of fruits, vegetables, olive oil and local wine varieties. In the afternoon you should arrive at an unavoidable place on the island that certainly deserves everyone's attention – the town of Korčula, carved in stone and surrounded by thick pine forests. The following is a time for sightseeing, relaxation in the city and evening walk. Walking through Korčula is a special experience, you will enjoy the wonderful sights as well as the many souvenir shops, local shops and places for entertaining.

For today, you have three options – enjoying and relaxing in the town of Korčula and swimming at the local beaches, going on one of the boat trips or biking around the island with beautiful beaches and the crystal sea. Of course, the third option also includes breaks for refreshment and swimming, but you will also enjoy sightseeing other traditional villages on the island. You will spend the afternoon in the town of Korčula, which many people call *Little Dubrovnik* because of its walls and fortifications that surround it. In the evening, you can grab some local specialties at one of the many island restaurants.

**Overnight:** the town of Korčula

There are numerous vines on the peninsula, as well as cultivated olive groves and southern fruit trees: figs, almonds, oranges, pomegranates, tangerines, and low sea level makes it possible to grow shells as well. You will get to know these fields and trees as you pass through local roads and see them from various viewpoints from where the picturesque landscapes open. You will also visit Ston, the city with the longest walls in Europe and the second-longest in the world, just after the Chinese Wall, and the place with the oldest saltworks in a world that is still operating.
